News letter

(APRIL 2026)

(CBSE AFFILIATION NO. 730072)

SESSION: 2025-26

As the seed we planted in our inaugural newsletter begins to sprout, I am thrilled to present this edition covering July to September 2025—a period brimming with triumphs, dedication, and the unwavering spirit of our RMPIANS. Building on the foundation of growth and purpose laid earlier, these months have seen our students shine brighter, turning challenges into opportunities and aspirations into achievements. From academic milestones to sporting glories, every story here reinforces our commitment to excellence in academics, culture, discipline, and sportsmanship.

This edition proudly spotlights remarkable feats, such as Adiba Arshad's top rank in NEET 2025, securing her a seat at Government Medical College, Doda—a testament to her perseverance and our nurturing environment. Sam's Gold Medal in the Under-19 Archery Championship and selection for the International event in Nepal, along with our U-17 Football Team's thrilling victory over KC International School, echo the echoes of kindness, patriotism, and innovation from our previous narratives. These accomplishments, alongside active involvement in NCC and inter-school activities, highlight our students' growing sense of social and environmental responsibility, weaving a richer tapestry of holistic development.

My heartfelt gratitude extends once again to the dedicated team—students, teachers, and coordinators—who continue to bring these stories to life with passion and precision. As we nurture this journey of documentation and celebration, I urge you to keep engaging. The upcoming editions will delve even deeper, offering more profound insights, inspiring content, and endless reasons to celebrate the extraordinary potential of our RMPIANS.

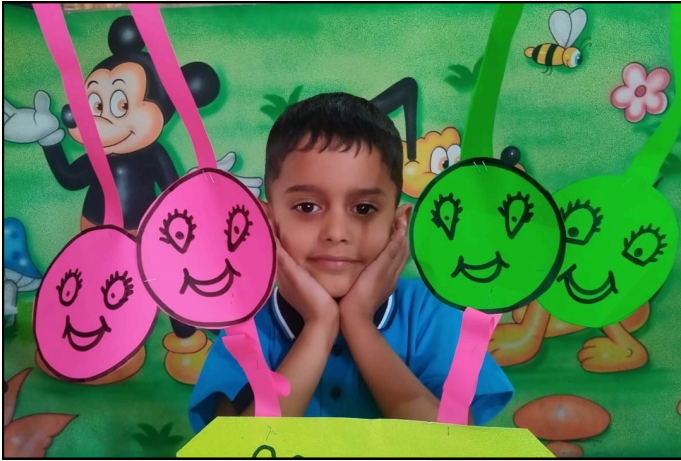

Let this growing narrative inspire us all to reach new heights.

Keep reading. Keep celebrating RMPS.

A FRESH START TO THE NEW ACADEMIC YEAR

☀️ RMPS: A Fresh Start to the New Academic Year 📖

The new session at RM Public School began on 2nd April with joy, positivity, and a warm welcome for all students. 😊 Teachers ensured a stress-free environment, while a special assembly on “Plant Your Year” 🌱 inspired focus, growth, and balance in life.

A meaningful skit 🎭 and interactive classroom activities made the day engaging and comfortable for students. Hon'ble Chairman Mr. Rameshwar Mengi and Director Mr. Rakshan Mengi motivated students to strive for excellence while prioritizing well-being.

The day ended on a happy note, setting the tone for a year full of learning, growth, and success ✨

RAINBOW ACTIVITY

Penguin Paradise Wing of R. M. Public School conducted a fun-filled Rainbow Activity for Creche A on April 3, 2026 (Friday) in the classroom.

The little ones enthusiastically pasted colorful strips on a cloud to create beautiful rainbows.

The young learners were excited to explore different colors and express their creativity through this hands-on activity. It helped them recognize colors while enhancing their fine motor skills and coordination.

The classroom was filled with joy and laughter as the children proudly showcased their vibrant rainbows.

Such engaging activities play a vital role in making learning enjoyable and meaningful for the little ones!

RECOGNITION OF NUMBERS

Date - 6th April

Day - Monday

Activity on "Recognition of Numbers"

An engaging and educational activity on "Recognizing Numbers" was conducted at the crèche to enhance early learning skills among children. The activity aimed to help young learners identify and understand numbers through fun-based methods such as visual aids, games, and interactive participation.

The program was organized under the observation of the In-charge and Coordinator, who appreciated the efforts made to create a joyful learning environment. The teacher played a vital role in guiding the children with patience and creativity, ensuring that every child actively participated and learned effectively.

BRAIN ACTIVITY - COLOUR MATCHING

Brain Activity - Colour Matching

The students of CRECHE'A' at RM Public School enthusiastically participated in a brain activity on Wednesday, 8th April 2026.

The activity focused on colour matching, where the little learners explored and identified different colours in a fun and engaging way.

They matched objects with their respective colours, enhancing their observation and thinking skills.

The children showed great excitement and actively participated, enjoying every moment of learning through play. Teachers guided them with care, making the session interactive and joyful.

Overall, it was a delightful and enriching experience that boosted their cognitive skills while making learning fun and memorable at RM Public School.

SHADOW MATCHING ACTIVITY

On 8th April, an educational "Shadow Matching Activity" was conducted for the little kids of Creche B to enhance the visual recognition and observation skills of the children. The activity encouraged the kids to match objects with their correct shadows, helping them develop concentration and cognitive abilities.

The activity was carried out under the guidance of the In-charge and coordinator, who appreciated the enthusiastic participation of the children. The teachers actively supported the students, making the session interactive and engaging. Overall, the activity was successful in creating a joyful learning environment while strengthening the children's understanding through play-based learning.

CATCH AND THROW THE BALL

R. M Public School organised a fun-filled and engaging "Catch and Throw the Ball" activity for the little penguins on 13 April 2026 (Monday)!

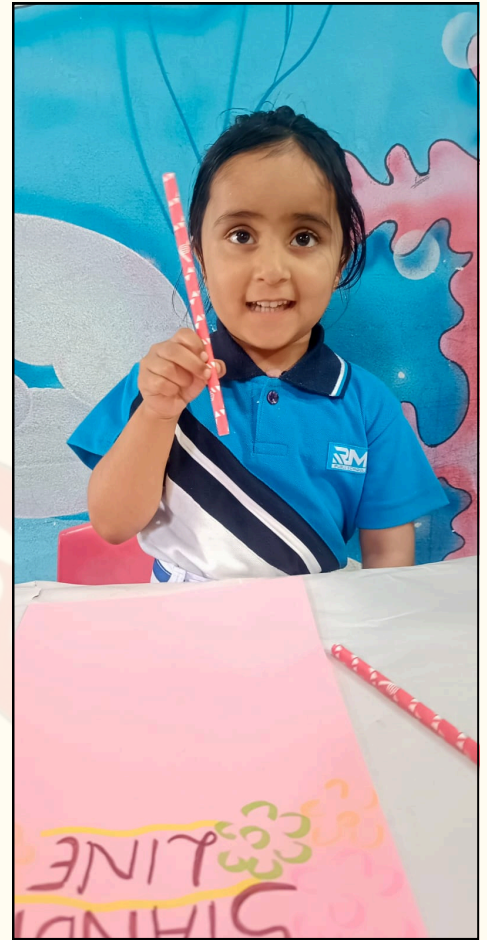

The activity aimed to develop hand-eye coordination, motor skills, and teamwork among the children.

The students enthusiastically participated, learning how to catch and throw the ball with proper coordination. It also helped them improve their focus, balance, and social interaction while playing with their peers.

The joyful laughter and excitement of the children made the activity a great success!

Such activities play a vital role in the overall development of the students by combining learning with fun!

STANDING LINE WITH THE HELP OF STICKS

Nestling A successfully organized an engaging and educational activity on 16th April, 2026 aimed at enhancing students' coordination, discipline, and motor skills. The activity, titled "Standing Line with the Help of Sticks," was conducted within the school premises under the guidance of dedicated teachers.

In this unique activity, students were guided to form straight lines using sticks as visual and physical aids. The sticks helped children understand alignment, spacing, and balance in a fun and interactive manner. The exercise not only improved their physical coordination but also encouraged teamwork and attentiveness.

Teachers observed that students actively participated with great enthusiasm and quickly grasped the concept of standing in proper lines. The use of sticks made the activity more engaging, especially for younger learners, turning a simple concept into an enjoyable learning experience.

"SLEEPING LINE" THROUGH A JOYFUL TOY-TRUCK ACTIVITY

Date: 17 April 2026

Play-Based Learning in Action: Nestling B Children Master "Sleeping Line" Through a Joyful Toy-Truck Activity*

Our Nestling B classroom recently transformed into an exciting learning zone where foundational writing skills were developed through a playful, hands-on activity. As part of early English pre-writing practice, children explored the concept of the "Sleeping Line" by driving a toy truck smoothly along colorful horizontal paths created with tape and markers.

This thoughtfully designed activity blended movement, play, and learning, allowing young learners to understand line formation in a natural and engaging way. Instead of traditional pencil-and-paper practice, children traced the sleeping lines by guiding the wheels of the toy truck across the straight paths, turning learning into a joyful experience.

CHICK PAINTING ACTIVITY

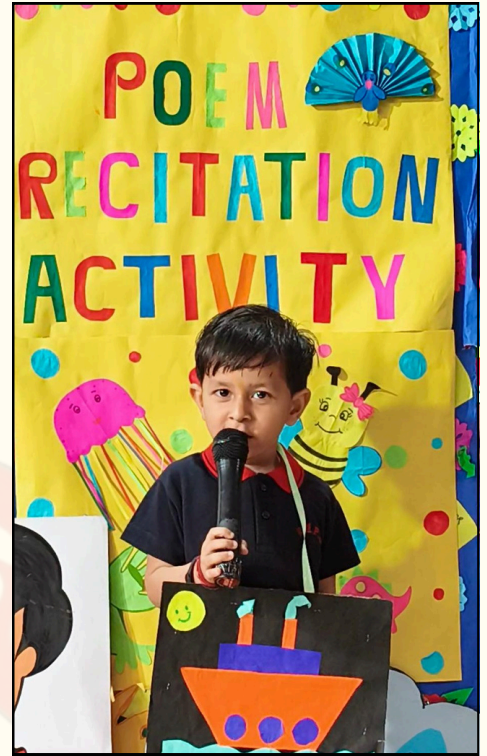

On 18th April 2026, a creative "Chick Painting Activity" using forks was conducted in class Creche B. The activity aimed to enhance the artistic skills and creativity of the children through a fun and unique painting technique.

The children enthusiastically participated and used forks to create beautiful chick paintings, which also helped in improving their fine motor skills and hand-eye coordination. The activity was conducted under the observation of the In-charge and Coordinator, who appreciated the efforts of both students and teachers.

The teachers guided the children throughout the activity, making it enjoyable and engaging. Overall, the session was successful in promoting creativity and joyful learning among the little learners.

POEM RECITATION ACTIVITY

R.M Public School successfully conducted a delightful Poem Recitation Activity at Penguin Hall on 20th April, 2026 i.e Monday for the young learners of Nestling, Creche, and Starling classes!

The event aimed to build confidence, improve language skills, and encourage self-expression among the little ones.

Our tiny stars performed enthusiastically, reciting poems with beautiful expressions, actions, and clear pronunciation! They made the stage come alive with joy and energy!

The colorful atmosphere was filled with excitement and happiness as the creativity and talent of our students shone brightly!

Teachers lovingly guided and encouraged every child, creating a warm and supportive environment.

This activity not only enhanced their speaking skills but also developed stage confidence and a lifelong love for poetry!

A truly memorable day for our little performers!

VISUAL MATCHING SKILL GAME ACTIVITY

Visual Matching Skill Game Activity Conducted for Nestling A Kids

RM Public School successfully organized an engaging and interactive activity titled “Visual Matching Skill Game” for the students of Nestling A (Nursery) on 21st April 2026. The activity was designed to enhance the young learners’ visual recognition, observation skills, and concentration in a fun-filled learning environment.

The little learners actively took part with great enthusiasm and curiosity. The activity not only helped them in developing their cognitive skills but also boosted their confidence and decision-making abilities. Teachers guided the children with simple instructions and appreciated their efforts with applause and encouraging words.

The Visual Matching Skill Game proved to be a joyful and meaningful learning experience, where students learned through play. Such activities play a vital role in the holistic development of children at the foundational stage.

The school management appreciated the efforts of the teachers for organizing such a creative and educational activity and encouraged more such initiatives in the future.

CLAY MODELING ACTIVITY - CRECHE A&B

Clay Modeling Activity - CRECHE A&B 🌈

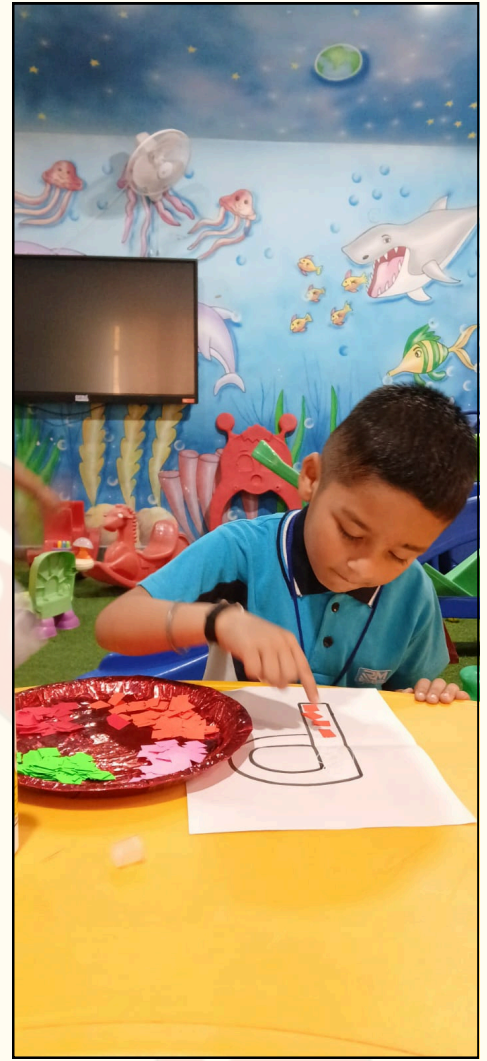

Our little learners of CRECHE A and B at RM Public School enjoyed a fun-filled Clay Modeling Activity on 24th April. This activity was specially designed to enhance their creativity and learning through play.

Children explored clay by rolling, squeezing, pinching, and shaping it into different objects. Through this hands-on activity, they developed their fine motor skills, hand strength, and hand-eye coordination.

The students created beautiful and imaginative shapes, expressing their ideas with great excitement. The activity also helped in boosting their confidence, focus, and social interaction.

Learning becomes joyful when little hands create big imaginations!
It was a wonderful and engaging experience for our tiny tots!

FIRST DAY ACTIVITY – TEAR AND PASTE

Date: 2nd April 2026

Event: First Day Activity – Tear and Paste

The tiny toddlers of Starling A enthusiastically celebrated their first day at school with a fun-filled and creative activity. The young learners participated in a “Tear and Paste” activity, where they decorated the first letter of their names using colorful paper pieces.

This engaging activity not only introduced them to classroom learning in an enjoyable way but also helped develop their fine motor skills and creativity. The excitement and joy on the children’s faces made the day truly memorable. The session marked a wonderful beginning to their learning journey, filled with smiles, curiosity, and creativity.

FISH-THEMED NAME WRITING ACTIVITY

Date: Tuesday, 7th April 2026

Activity: Fish-Themed Name Writing Activity

The young learners of Starling A had an enjoyable and engaging day as they participated in a fun fish-themed classroom activity. During the session, the children wrote the spelling of their names on creatively designed fish cut-outs.

This activity was thoughtfully organized to enhance the students' writing and reading skills in an interactive and enjoyable manner. The children showed great enthusiasm and creativity, making the learning experience both meaningful and memorable.

COTTON BUD PAINTING ACTIVITY

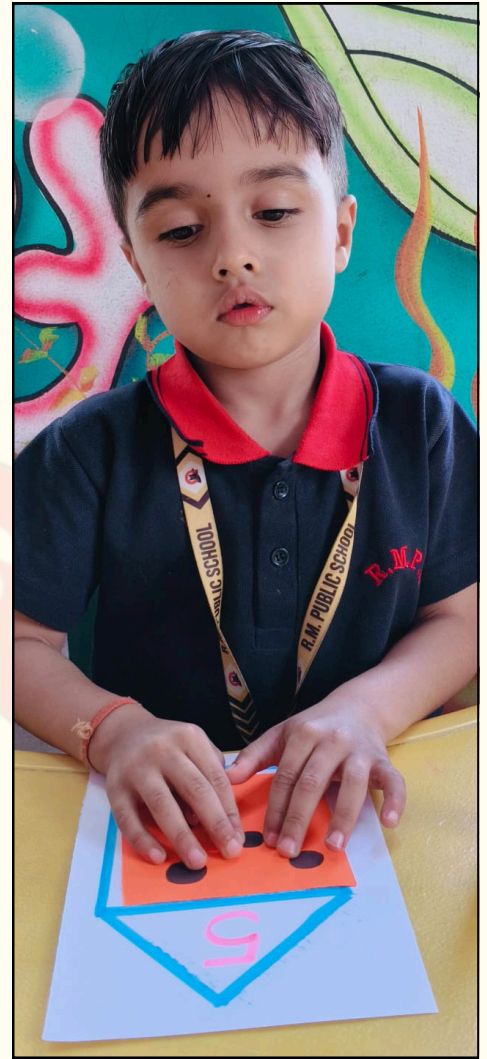

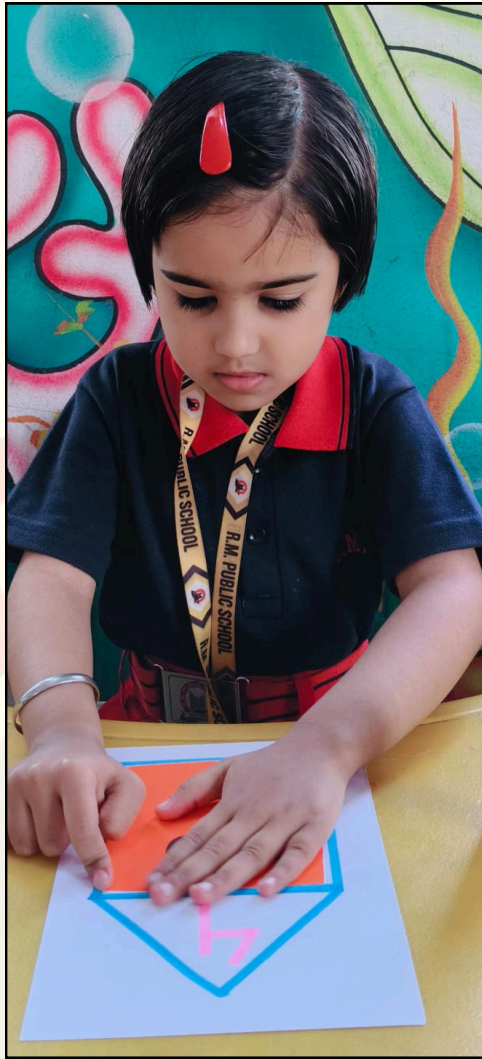

Date: 7th April 2026

Event: Cotton Bud Painting Activity

The students of Starling A enthusiastically participated in a cotton bud painting activity. They enjoyed the session with great energy and active involvement.

Under the guidance of their teacher, the children engaged in hands-on learning, exploring creativity through colors and patterns. The activity not only made learning fun but also helped in developing their fine motor skills and artistic expression.

NUMBER FUN ACTIVITY

Number Fun Activity

Date: 7th April 2026

Students of CRECHE'A' at RM Public School joyfully participated in a Number Fun Activity. In this engaging session, children recognized numbers and counted the dots on colorful sheets, then pasted them correctly in the given number houses.

This fun-filled activity helped in developing their number recognition, counting skills, and hand-eye coordination. It also enhanced their concentration and made learning numbers exciting and interactive.

The little learners enjoyed the activity with great enthusiasm, making it a delightful learning experience!

"LONG AND SHORT" CONCEPT

Topic: Activity on "Long and Short" Concept - Starling A

The Starling A students actively participated in an engaging and interactive classroom activity on 8th April focused on the concept of "Long and Short." The objective of the activity was to help young learners understand and differentiate between objects based on their length in a fun and practical way.

The session was conducted using a variety of teaching aids, including everyday objects, visual examples, and hands-on comparisons. Children enthusiastically identified and sorted items as long or short, which enhanced their observation and thinking skills.

Overall, the activity was a great success in building basic mathematical and comparison skills among the students in an interactive and meaningful manner.

"LONG AND SHORT" CONCEPT

Date: 9th April, Thursday

Baisakhi Celebration – Starling A

Starling A toddlers of R. M Public School joyfully celebrated the festival of Baisakhi on 9th April with great enthusiasm and active participation. The celebration featured a colorful and engaging activity that brought together the spirit of happiness, tradition, and unity.

The young learners thoroughly enjoyed the festive atmosphere, making the event both lively and memorable.

CIRCLE THE VOWELS

Date: 13th April, Monday

Activity on "Circle the Vowels" – Starling A

The students of Starling A participated in an engaging "Circle the Vowels" activity on 13th April. During the session, children were provided with worksheets and visual materials to identify and circle vowels in different words.

The activity made learning interactive, fun, and effective, helping students strengthen their understanding of basic phonics concepts. The enthusiastic participation of the young learners made the session both enjoyable and educational.

SENSE ORGANS AND THEIR FUNCTIONS

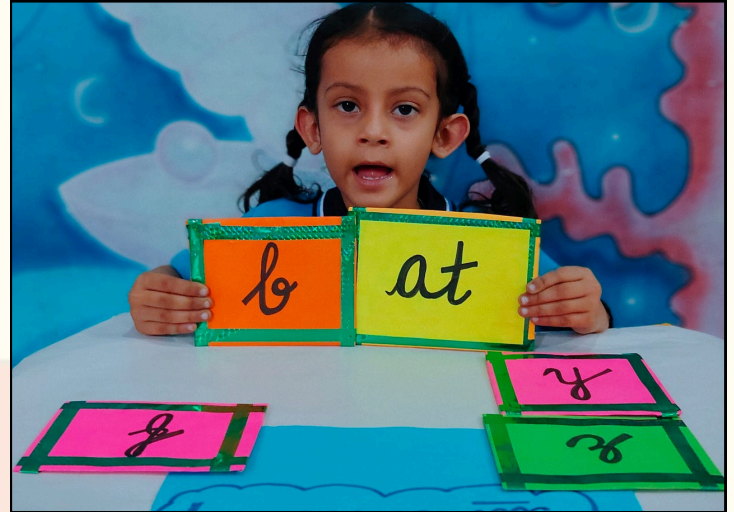

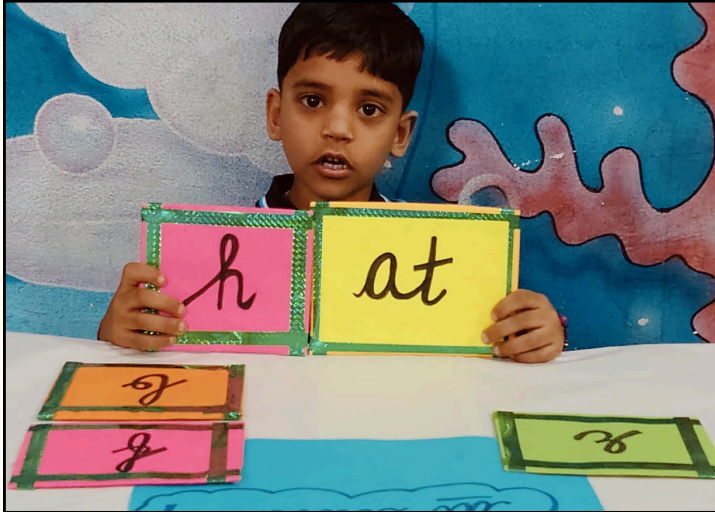

Penguin Paradise wing of R. M Public School organized a fun and educational activity on 15 April 2026 on “Sense Organs and Their Functions” for Starling (Upper Kindergarten) students. The aim of this activity was to introduce young learners to the five sense organs—eyes, ears, nose, tongue, and skin—and help them understand their basic functions.

Teachers used colorful pictures, real-life examples, and simple demonstrations to explain how we see with our eyes, hear with our ears, smell with our nose, taste with our tongue, and feel with our skin. Children actively participated in different activities like identifying sounds, smelling flowers, and touching objects.

The students showed great excitement and curiosity throughout the session. The activity helped improve their observation skills and made learning enjoyable and meaningful.

Overall, it was an engaging and successful learning experience for all the students.

ACTIVITY ON - "AT" SOUND WORDS

R.M. Public School is happy to announce a fun and interactive classroom activity on 16 April 2026 on "-at" sound words for our young learners of lass Starling B

Students will learn simple words like cat, bat, rat, mat, and hat through games, pictures, and speaking practice. This activity will help children improve their reading, pronunciation, and vocabulary skills.

The session will include engaging activities such as word matching, flashcards, and storytelling to make learning enjoyable.

क से ज़" तक बोले।

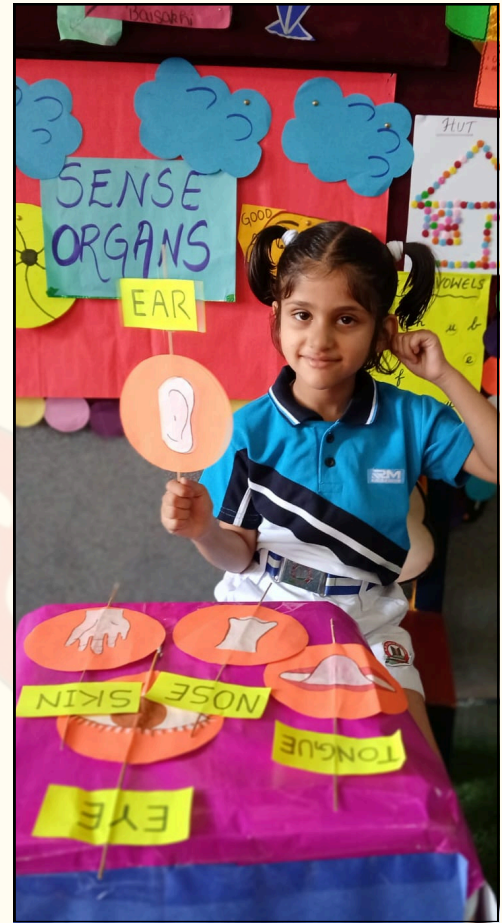

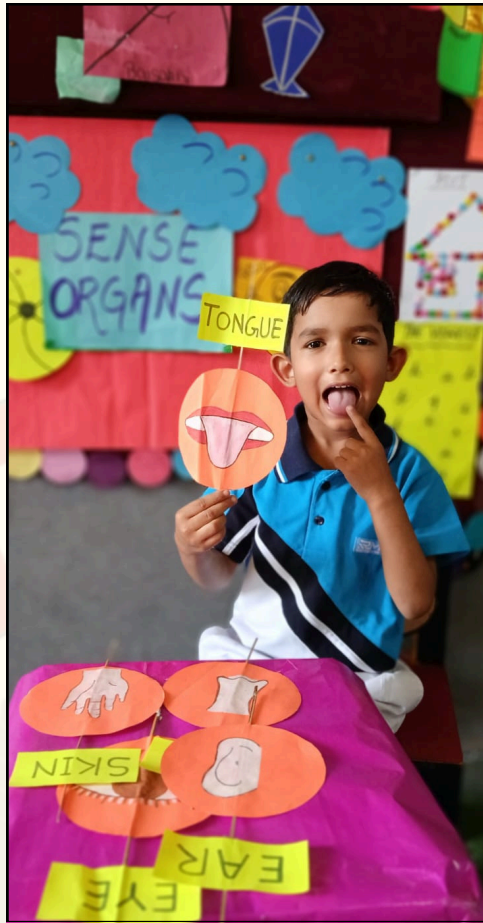

दिन बुधवार,

दिनांक- 15 अप्रैल

अक्षर को सही क्रम में लगाकर "क से ज़" तक बोले। गतिविधि के दौरान छात्रों को विभिन्न अक्षरों को पहचानकर उन्हें सही क्रम में व्यवस्थित करने के लिए प्रेरित किया गया। इस प्रक्रिया ने उनकी पहचान क्षमता, स्मरण शक्ति तथा भाषा कौशल को विकसित करने में महत्वपूर्ण भूमिका निभाई।

PURSUIT OF KNOWLEDGE

SENSE ORGANS ACTIVITY

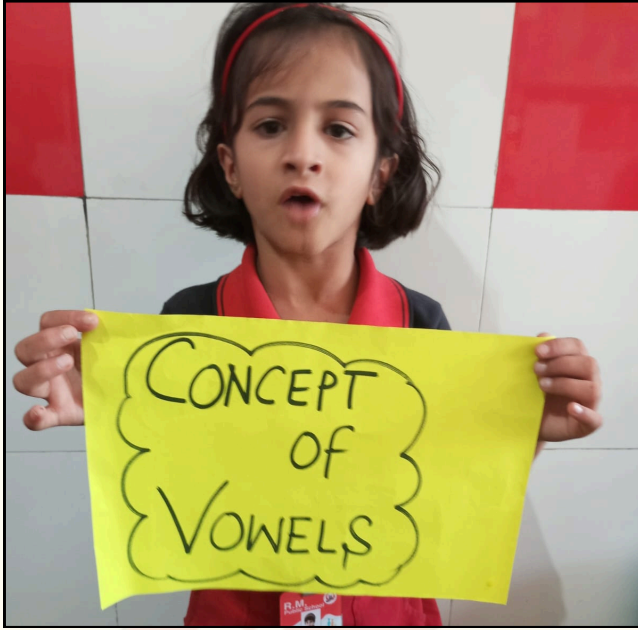

Starling A toddlers of Penguin Paradise enthusiastically participated in a “Sense Organs Activity” conducted on Thursday, 16 April.

The activity was designed to help young learners understand the functions and importance of the five human senses through engaging, hands-on learning experiences.

The students showed great excitement and curiosity as they explored how we see, hear, smell, taste, and touch, making the session both enjoyable an

CONCEPT OF VOWELS

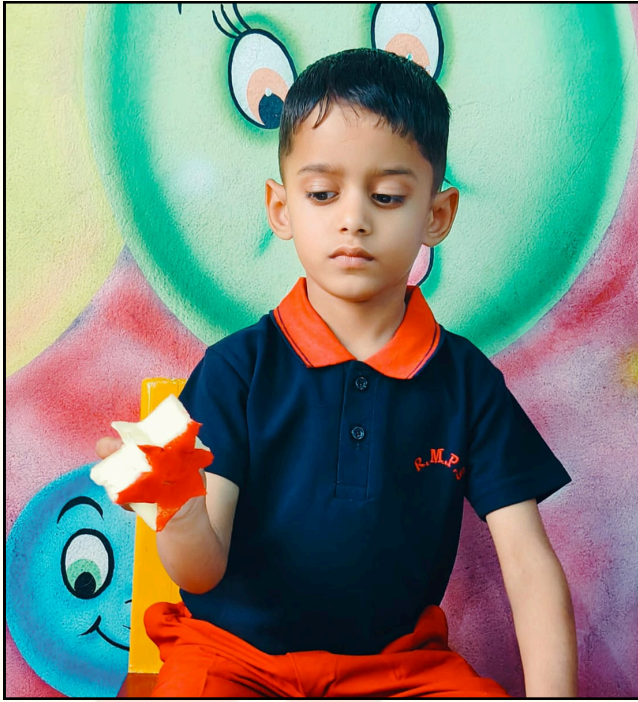

RM Public School, Jammu. Penguin Paradise wing

Students of Starling D-Class participated in a fun and interactive activity to learn the concept of vowels (A, E, I, O, U). Using creative finger props and charts, children identified and pronounced vowels with confidence.

The activity made learning enjoyable while enhancing their phonetic skills and participation.

A" THROUGH "A FOR APPLE

R.M. Public School, Penguin Paradise Wing, Class Starling D has done a fun and creative sponge painting activity on 4th April 2026. The children joyfully explored the concept of the vowel "A" through "A for Apple" by using sponges and colors to fill apple shapes.

This hands-on activity enhanced their creativity, fine motor skills, and letter recognition in an engaging way. The little learners showed great enthusiasm and focus, making learning both joyful and meaningful.

ZUMBA DANCE SESSION

On 18th April 2026, the Penguin Paradise wing of R.M. Public School enthusiastically celebrated a joyful and activity-filled Bagless Day, giving students a refreshing break from their regular academic routine. The day focused on fun-based learning, creativity, and physical activity.

The celebration began with an energetic Zumba Dance Session, where students participated with great excitement. The lively music and rhythmic movements filled the atmosphere with joy and promoted fitness and coordination among the children.

Next, students engaged in the creative Chick Fork Painting activity, where they used forks to create unique textures and beautiful artwork. This activity encouraged imagination and helped develop fine motor skills.

The day concluded with a fun-filled Rain Dance, which became the highlight of the event. Students enjoyed dancing in the cool water, creating moments of happiness, laughter, and togetherness.

The Bagless Day was a perfect blend of enjoyment and experiential learning, helping students build confidence, creativity, and social bonding.

FUN ACTIVITY ON "EMOTIONS".

Our little students of R.M Public School enjoyed a fun activity on 9 April 2026 of "Emotions".

They looked at pictures showing feelings like happy, sad, angry, and surprised. Students made faces to match each picture and guessed the emotions. This activity helped them understand and express their feelings in a simple and enjoyable way.

PURSUIT OF KNOWLEDGE

SWIMMING ACTIVITY

R.M Public School successfully organized an engaging and refreshing swimming activity on 15th April, 2026 for the students of Starling D of Penguin Paradise. The event aimed to promote physical fitness, confidence, and water safety among children while providing them with a joyful learning experience outside the classroom.

Students enthusiastically participated in various water-based activities under the guidance of trained instructors and teachers. Safety measures were strictly followed, ensuring a secure environment for all kids. The activity helped students overcome fear of water, improve coordination, and develop essential swimming skills.

BAISAKHI FESTIVAL

R.M. Public School, Penguin Paradise Wing, Class Starling D has done a fun and creative activity on Baisakhi Festival on 13th April 2026. The children joyfully decorated the kites and Dhol with beads, stars and other material. This hands-on activity enhanced their imagination, creativity and fine motor skills, The little learners showed great enthusiasm and focus, making learning both joyful and meaningful.
